

Vanessa Cuevas
ABKC Judge

I am a proud mother of 3 amazing children and a grandmother to a grandson. I am all about family first, then everything else follows.

I began showing my bullies in 2000. I started off with UKC and also began showing in AKC. Throughout this great journey of being a fancier is when ABKC was beginning to be established. I have championed and grand championed several of my dog and productions within UKC & some in ABKC. I was asked to judge the bully show in Pomona, CA in early 2004. Shortly after was asked to become a judge for ABKC when it was becoming in effect. I was one of the first 3 judges for ABKC.

I assisted ABKC with many of their forms that are currently used with some modifications that have been made with growth and change. I don't take this as a job but a love for the breed and the bully community. I am honored to have experienced everything that comes with the job as a judge & rep since being a part of this change for our breed. I am honored to all the great people I have gotten to meet and remain humble & positive to what has come with the bully community. 11 years as a judge and still going strong!!
